Definition of Safeguarding

This policy is to define the meaning of safeguarding within the organisation. Promotion of both safeguarding and the welfare of a children¹ and vulnerable adults is the priority of the GTA. It is enforced that all staff members of the organisation provide an holistic approach to safeguarding the welfare of every young person and vulnerable adult that staff come into contact with within the remit of the organisation.

GTA staff are encouraged to adapt a learner/apprentice centred approach this means that staff should consider, at all times what is in the best interests of the learner. As staff are in contact with learners and vulnerable adults in varying capacity it is important to identify concerns early, provide help for children, vulnerable adults and to provide a safe environment for both

It is also recognised that some adults are vulnerable to abuse. Accordingly, the procedures are also applied to allegations of abuse and the protection of vulnerable adults. Guidance on who is a 'vulnerable

¹ Child (definition) is someone under the age of 18 in England

adult' is taken from 'No Secrets' (Department of Health 2000), which defines vulnerable adults as: 'those adults who are or may be in need of community care services by reason of mental or other disability, age or illness'.

We embed Prevent and the promotion of British Values into our Safeguarding Policy and Procedures.

The GTA has a specific PREVENT action plan and risk assessment which is reviewed by the local Prevent Co-ordinator on a yearly basis to ensure robust procedures meet the expectation of the Prevent Duty.

The GTA's dedicated Prevent team aim to ensure all our staff are aware of the following:

- South Yorkshire radicalisation trends

- National developments within Prevent and radicalisation
- Reporting procedures and how to get support

The GTA has two dedicated Prevent leads to support both the Staff and learners. All GTA staff have completed mandatory Home Office Prevent training and receive regular updates and training from the Prevent leads. The Prevent Leads have been WRAP3 trained and have also completed the enhanced Home Office Prevent training.

Tutors embed and exemplify British Values at every available opportunity to increase the learner's knowledge and awareness of British Values and the risks of radicalisation. Our learners also complete four mandatory ETF modules at the start of their apprenticeship, the modules provide training on the following subject areas:

- Staying Safe online

- Radicalisation and Extremism
- British Values

Advice for staff dealing with disclosures from learners

DO

- **Do** listen very carefully to what they tell you.
- **Do** take what is said seriously and accept what you are told.
- **Do** stay calm and reassure the student that they have done the right thing in talking to you.
- **Do** write down as soon as you can exactly what you have been told.
- **Do** tell them that you must pass this information on but that only those that need to know will be told. Tell them to whom you will report the matter.

DO NOT

- **Do not** panic.
- **Do not** promise to keep things secret. You have a duty to refer a child/young person or vulnerable adult who is at risk.
- **Do not** lie or say that everything will be fine now that they have told.
- **Do not** criticise the abuser, especially if it is a parent/carer
- **Do not** ask lots of detailed or leading questions such as: 'What did he do next?' Instead, ask open questions such as: 'Anything else to tell me?', 'Yes', or 'And...?'. Do not press for answers the student is unwilling to give.

It is important that the person to whom disclosure is made **does not investigate** or question the person concerned except to clarify what they have heard. This is particularly important in cases of sexual abuse.

It is very important to record, as accurately as possible, what was said to you when you received the disclosure of abuse. Clearly all written records should be handled confidentially

In an emergency, if an apprentice/young person or vulnerable adult discloses to you that they or another child have been abused/radicalised, or if you suspect from what you observe that they are being abused, you must report this to the Police and Safeguarding team ASAP

Refer all disclosures to the Safeguarding team within 24-hours.

Record Keeping

When staff reports a concern, this is then passed to a member of the Safeguarding team. The Safeguarding officer will decide the outcome of the referral. The disclosure form is then to be kept confidential and stored in a locked filing cupboard. This is to be separate from any other files and marked Safeguarding Confidential. Records are to be archived on a yearly basis. All disclosures that require referral to the Local Safeguarding board are to be done within a 24 hour period following the referral procedure for each Local board. This information is available in the Safeguarding file, by contacting the DSO or visiting the local boards' website for advice and guidance. All referrals are to be done by the DSO, DS deputy or Safeguard lead.

Information Sharing

The GTA is aware that among other obligations, the Data Protection Act 2018, and the UK General Data Protection Regulation (UK GDPR) place duties on this and other organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure.

Allegations against Staff

Any allegations made against staff must be referred to Jon Mace CEO who is trained specifically to deal with allegations of abuse. If the allegations are concerning the CEO, this should be referred to the board of directors for the organisation. Mr Geoff Thompson is the Chairman of the board of directors and trustees and should be contacted by writing to:

Geoff Thompson
Doncaster, Rotherham, and District Motor Trades GTA
Rands Lane Industrial Estate
